

RAY | Executive Desk

Specifications

Executive desk with optional built-in power and data access, available in three configurations: with double pedestals (RAY 01), a single pedestal (RAY 02), or a sideboard (RAY 03). The external structure is composed of wood veneer with beveled corners, and top panels upholstered in leather, separated by metal inserts. A modesty panel, also upholstered in leather, provides visual continuity and discretion.

Storage options vary by model: RAY 01 features double pedestals with drawers or storage space, with a wood-veneer structure; RAY 02 features a single pedestal with four push-to-open drawers and a terminal leg in wood veneer; RAY 03 has an integrated sideboard with four push-to-open drawers and a swing door, an external structure and drawer fronts in wood veneer, lacquered interiors, and a leather inlay as a top finish.

Across all models, the spacer blocks and base skirtings are in liquid-painted stainless steel. Additional options include embedded metal handles, lock systems, and leather pads for drawer bottoms.

The CONNECTA top access is finished in a matching wood veneer with a lacquered matt interior. A fixed leather profile allows for cable passage. Custom dimensions and finishes available upon request.

Finishes (as shown)

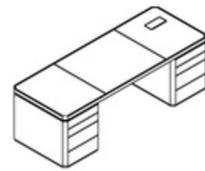

Planked Grey veneer

Acciaio leather

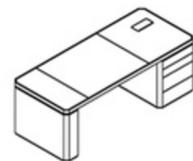

Stainless Steel metal
