

Specifications

Sideboard, available with drawer modules or storage units, designed to complement the AIR Executive Desk. The external structure is composed of wood veneer with curved corners, while the front is upholstered in leather with stitching detail. All elements operate with a push-to-open mechanism, featuring discreet invisible hinges for swing doors and smooth, high-quality guides for drawers. The storage compartments are shown with adjustable shelves, with matt-lacquered interiors.

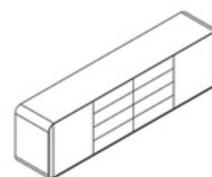

The back panel is secured magnetically and available in wood veneer or upholstered in leather. The base skirting is in liquid-painted stainless steel. Additional options include embedded metal handles, lock systems, and leather pads for drawer bottoms.

Custom dimensions and finishes available upon request.
